PROGRESS OF PRINTING

Some Interesting Statistics Are
Given Out.

FIGURES SHOW BUSINESS.

Bulletin as Prepared by Chief Clerk
Rossiter of the Bureau of the Census
Shows This Industry Has Enjoyed a
Surprising Prosperity.

Washington, Aug. 13.—The United States bureau of the census announces the publication of Bulletin 79, presenting the detailed statistics of the printing and publishing industry at the census of manufactures of 1905. This bulletin was prepared by William S. Rossiter, chief clerk of the census.

The printing industry possesses an importance which can not be measured by capital invested or by the volume and value of product. Analysis of the printer's calling has become to a noteworthy degree an analysis of the general prosperity of the nation. Therefore interest in the progress and prosperity of printing is not confined to those who are connected with the industry, as is frequently the case with other callings, but is shared by the entire community.

In the census report the industry as a whole is considered first. This is followed by a discussion of the two principal branches—job printing, and newspapers and periodicals.

The total number of establishments in this industry in 1905 was 26,422, a number larger than was reported for any other industry. The increase reported from 1900 to 1905 forms a striking exception to the prevailing tendency toward consolidation, for it was proportionately greater than from 1890 to 1900. Hence the product of this industry continues to be contributed by a great number of small establishments, accomplishing noteworthy results with a small capital, operated by men of independent thought and action, and contributing materially to the intellectual and financial growth of the country.

The capital required in 1905 to conduct the printing and publishing business was \$385,008,604. It was approximately double that required in 1890, and it was doubtless due to a considerable degree to mechanical changes which have taken place in this industry during the past ten or fifteen years.

The total value of products reported

in 1905 was \$496,041,357. During the brief period from 1900 to 1905 the increase in value of products was nearly double that from 1890 to 1900, or, in absolute figures, \$149,006,927 compared with \$71,601,815. Had the per capita value of products been the same in 1905 as in 1850, the entire value of products of the industry would have been but \$52,007,588; on the other hand, had the per capita production in 1850 been the same as it was in 1905, the total value of products of the industry at the earlier census would have amounted to \$144,470,444, or almost ten times as much as the actual amount recorded.

IN AUTOMOBILE.

Gratz Intends to Cross German East Africa Thus.

Berlin, Aug. 13.—Dispatches from Dar-Es-Salaam, German East Africa, state that Lieutenant Gratz of the Prussian army started from there Sunday in an attempt to cross Africa in an automobile. He purposes to ride through German East Africa, British Central Africa, Rhodesia and German Southwest Africa to Swampkumund, occupying about six weeks on the journey if all goes well. He has a specially built forty-five horse power car with immensely heavy wheels four feet in diameter with massive tires.

BOTH GONE.

Prisoner and Town "Jail" Disappear From Place.

Egg Harbor, N. J., Aug. 13.—Elwood, a little town near here, has no police lockup, nor as much as a cell. So Robert Flier, who attempted murder and suicide in resisting arrest, was locked up in an empty freight car there. In the morning the prisoner was gone, so was the "prison."

The crew of a freight train, not knowing that the "prison" was tenanted, had coupled on the freight car during the night and hauled it and Flier away. Magistrate Carver, who committed Flier, is tearing his hair and loudly expressing the fear that prisoner and prison are far out of his jurisdiction.

Racial Antipathy Cause.

City of Mexico, Aug. 13.—Several hundred Japanese and Mexican laborers in a construction camp on the Kansas City, Mexico and Oriental Railroad, had a pitched battle, resulting in three Japanese and three Mexicans being killed. Racial antipathy was at the bottom of the trouble.

OPENING

THURSDAY, AUGUST 15, FROM 2 TO 10 P. M.
WE THROW OPEN THE DOORS OF OUR SPLENDID NEW STORE

We most earnestly hope to have the pleasure of your presence upon this occasion and can assure you in advance that we will show such a superb stock, and such a magnificent, modern building, that you as well as ourselves will feel proud to know that Bryan possesses such a truly excellent business institution. We want every person who is interested in a modern up to date store to be our guest. We want to bring to your attention the pleasure, the advantage and (best of all) the satisfaction and economy of shopping in a store which is modern in the truest and fullest sense of the word. It's a Big Store. It's a Big Stock, the Biggest in Bryan—and what is true of the store will be true of its methods. There has never been anything little about this store's policy. We are cutting new paths. Doing things different. Old methods are good and worth considering only when we can find no better way.

BRYAN, TEXAS, AUGUST 14, 1907

ELECTED COUNTY SUPERINTENDENT.

Prof. T. W. Parker was Unanimously Elected to Position—Excellent Condition of County Finances.

Prof. T. W. Parker, principal of the West Side school of this city, was on yesterday afternoon unanimously elected county superintendent of Brazos county, in compliance with the new law on this subject. Prof. Parker was highly recommended and is well qualified for the position. He graduated from the Sam Houston Normal Institute and later took a course in the state university. He has had a number of years experience in teaching in both town and country schools, and during his residence in Bryan has been prominently identified with the city schools. He will enter upon his duties on or before, Sept. 1, and will take over all matters pertaining to the schools which have heretofore been efficiently managed by Judge A. G. Board, ex-officio superintendent. The salary of the county superintendent will be fifteen hundred dollars per year, the amount provided by law for counties having a scholastic population of over five thousand. The election of Prof. Parker creates a vacancy in the principalship of the West Side school.

The quarterly report of County Treasurer Jno. M. Lawrence was examined and approved showing amounts below. The report is the best for the August term in the history of the county for twenty years and shows \$6941.00 more money available than at the August term last year.

RECAPITULATION OF BRAZOS COUNTY FUNDS.

Third Class Fund.....	\$1954.49
First " " " " " " " "	5883.96
Poll Tax " " " " " " "	927.58
Sinking Fund.....	5518.39
Road and Bridge Fund.....	5497.52
Public Building Fund.....	7953.74
Total.....	\$27735.68

The report of Sheriff R. M. Nall makes an excellent showing for the quarter for himself and associates and for County Attor-

ney Bethed, the fines collected for the quarter ending August 12 amounting to \$795.60. Same was approved by the commissioners' court.

Report of R. M. Nall of bill for feeding prisoners for quarter, amounting to \$265.20, and \$75.00 for jail guard was examined and approved.

Justice Thompson of Millican allowed \$10.00 for holding two inquests.

Justice W. D. McDonald of Macy made report showing \$12.75 fines collected.

Justice L. D. McGee of Bryan made report of \$62.90 collected in fines.

Constable R. B. Dawson of Millican reported \$11.90 collected in fines.

OPERA HOUSE IMPROVEMENTS.

Scenic Painter W. E. Bird of Ft. Worth is Making a Transformation on the Interior of the Building.

For a month past Mr. W. E. Bird, a scenic painter of Ft. Worth, has been at work on the Grand opera house in this city at the instance of Manager Jno. B. Mike, and he is making quite a transformation both in the scenery and interior walls and galleries. The scenery has all practically been renewed by retouching and repainting, and in many instances the artistic effect has been greatly improved. Marine, mountain, woodland, garden and street scenes are included as well as the wings. The gallery and walls are being beautifully frescoed with the use of brilliant colors and soft tints blending harmoniously. It is easily the handsomest decoration the house has ever had, and with the improvements made outside, will render the play house much more attractive. The box office has been moved back several feet, giving a broad entrance in front, and making convenient ingress and egress. The lobby is being decorated and the outside woodwork is to be painted also. The work will probably require a week or two longer. Mr. Bird will remain in the city a few days after completing the opera house to do expert sign writing, for which orders may be left at the opera house.

ATTENTION, ELKS.

There will be a meeting of the lodge tonight at 8:30 o'clock. A good attendance is specially requested.

ASSOCIATED PRESS OUT

Operators Fail to Get Raise in Wages and Cease to Labor.

WHAT STONE HAS TO SAY

Manager of the Association States That He Cannot In Twenty-Four Hours Answer a Demand That Calls For a Much Increased Expense.

Dallas, Aug. 13.—So far as the telegraph is concerned this city is completely cut off from the outside world, the Associated Press operators leaving their keys at 7:30 o'clock Monday night after Manager Stone of that association had refused on twenty-four hours' notice to grant the wage increase demanded, an answer being insisted upon at the time the walkout became effective. Following are the demands made by the men, with reply of Manager Stone:

Day work—Six days, eight hours daily, \$30 per week and overtime and extra work at the rate of 60 cents per hour.

Night work—Six nights of eight hours, per week, \$35, overtime and extra at the rate of 70 cents per hour. The vacations to remain as at present.

A proportionate increase for chiefs and sub-chiefs. The telegraphers requested a reply today by 7:30 o'clock this (Monday) evening.

Mr. Stone's reply follows: "New York, Aug. 12.—To Operators: I received this morning a communication from a large number of operators in the service of the Associated Press asking for a changed scale of wages and hours, and requesting a reply by 7:30 o'clock this evening.

"The changes involved are so radical in their nature as to add over \$200,000 a year, and probably more, to the expense of this organization. The Associated Press is mutual in its character, makes no profits and has no surplus fund out of which such sum could be paid. Any such increase must of necessity be levied back on the newspapers as a part of their weekly assessments. As general manager I have no power to make such increase either in salaries or assessments without authority from the board of directors, and it is obviously impossible to call this board together within the time named. The board consists of fifteen members, scattered throughout the entire country.

At the same time, acting under authority heretofore granted me by the board of directors, I shall be very glad, at any time, to meet a committee of our own operators and confer with them respecting hours of service and compensation with a view to making some recommendation to the next meeting of the board of directors, which shall meet any fair or just expectation of those in our operating service.

Even were I free to act, I think you must agree with me that a question of this magnitude should not be pressed to a conclusion within the limits of a few hours, and without any opportunity for consultation between myself and the representatives of our operating force.

MELVILLE E. STONE,

General Manager.

So complete is the tieup that even the striking operators cannot have communication with the head officials. When General Manager Stone asked for time until Tuesday evening in which to consult directors, men started a poll of their membership to see what was the desire of the men interested. Before it was completed in due form the hour set for a favorable response for a strike arrived, and operators began to leave their keys over the whole length and breadth of the land. In ten minutes every Associated Press key from New York to San Francisco, and from Duluth to the City of Mexico was deserted.

This is the most gigantic strike that the world has ever experienced. The people of the United States are cut off, save by long distance telephone from communicating with one another. By one stroke business depending upon quick transmission has been stopped. The newspapers are unable to give the happenings of the world—not even this country. A terrible conflagration might be raging, a storm may be sweeping over some section, but Uncle Sam's subjects know it not. Never before was business so badly hampered.

The strikers here and all over the state are conducting themselves in an orderly manner.

Manager Marries.

Denton, Tex., Aug. 13.—One telegraph operator who is not worried by the present strike is Manager Rutledge, in charge of the local uptown office of the Western Union. He was married at Farmers Branch to Miss Uretta Holder of Cleburne.

BASE BALL.

Thursday and Friday Bryan will have the opportunity of seeing the celebrated Calvert baseball team, it being considered the strongest team in Central Texas. The Bryan Shamrocks are in excellent shape, having rounded into fine form from their recent games with Navasota, Thornton, etc., and will fight the Calvert bulls to a finish. This will be the best game on our home grounds this season and an immense crowd of the sport-loving people should turn out to these two games and root for victory for our boys.

LADIES, NOTICE.

Our new stock of Home Journal patterns have arrived; prices 5c, 10c and 15c. Call and get the new September fashion sheets free.—Wilson & Darden. 213

MUCH LARD BURNS.

Armstrong Packing Company Is Victim of Flames.

Dallas, Aug. 13.—One of the most destructive conflagrations happening in this city for a number of years took place at 4 o'clock Tuesday morning. The lard department of the Armstrong Packing company, one of the largest enterprises of Dallas and among the greatest in the southwest, caught fire and burned until 9 o'clock. The building, with a large stock of lard and costly machinery, was entirely consumed. The loss is placed at \$102,000, covered by insurance.

The flames leaped high in the air, lighting up the sky, and a succession of explosions resulted. The firemen, by most heroic work, kept the fire confined within the walls of the lard house. The building, the company states, will be rebuilt at once, and new machinery is to be ordered instantly.

MONUMENT TO M'KINLEY.

It Will Be Dedicated In Buffalo Sept. 5, In Old Home Week.

Buffalo, Aug. 14.—The date set for the dedication of Buffalo's McKinley monument is Thursday, Sept. 5, in old home week. Governor Hughes is to deliver the principal address. Vice President Fairbanks, Speaker Cannon and others of national prominence are expected. There will be a parade of state and Federal troops, of two regiments from Canada and the Spanish American war veterans.

Other features of the week—lasting from Sept. 1 to 7, inclusive—are Labor day, Firemen's day, Canadian day, Fraternal Day, Children's day and German day. Wonderful electrical illuminations are promised.

Souvenir invitations are being sent to all former residents of Buffalo, including Governor Cleveland.

STRIKE SITUATION.

Nothing of an Interesting Character Develops During Tuesday.

Dallas, Aug. 13.—At the headquarters of the striking telegraphers it was stated that there had been no change in the situation. All the men out were reported as maintaining a firm attitude and information by long distance telephone from the various cities of the state was of the same tenor.

At the local Western Union office there are few messages being sent and all business is accepted subject to indefinite delay in transmission. The Postal here is doing nothing.

MUCH FOR WIDOW.

G. W. Delamater Leaves Considerable Life Insurance.

Pittsburg, Aug. 13.—That George Wallace Delamater not only made every preparation for his suicide, but bided his time, that his family might not suffer, was learned when it became known that he had lived out the suicide clause in each of his many insurance policies, which aggregate \$95,000. All of this money goes to his wife.

It also became known that some heavy premiums would have been due within a few days. Only six weeks ago he had the beneficiary in a \$25,000 policy transferred from his daughter's name to his wife's.

BATEMAN PASSES AWAY.

Prominent Collin County Citizen and a Mason For Over Forty Years.

Melissa, Tex., Aug. 13.—At his residence near here Captain P. H. Bateman died, aged seventy-one years. He was a member of the Masonic fraternity since 1860 and an elder in the Presbyterian church. He and Miss Adella Allen were married in the room Sept. 15, 1870, in which he breathed his last. A widow and seven children survive.

Big Timber Land Deal.

Mount Sterling, Ky., Aug. 13.—The Clearfield Lumber Company of Clearfield, Pa., closed a deal for 30,000 acres of walnut oak and poplar timber in Morgan county for \$100,000. It is announced that the company will extend a line of railroad eighteen miles up Rich branch, and will spend \$1,000,000 in improvements.

Jubilated With Watermelons.

Griffin, Ga., Aug. 13.—Several hundred people of this and adjoining counties assembled in the skating rink here this morning for the purpose of holding a jubilee meeting over the great and material progress of the county. Interesting addresses were delivered. About 100 watermelons were devoured.

Immense Increase.

Austin, Aug. 13.—The comptroller has received the report of the tax assessor of Bexar county. It shows an assessed valuation of \$55,445,535, which is \$18,000,000 over last year.

Cash Stolen.

Greenville, Tex., Aug. 13.—A burglar entered the home of Mrs. Hamblin and stole \$77 from the pockets of Mr. Hamblin, her father-in-law.

To Do Little Whistling.

Dallas, Aug. 13.—The Cotton Belt railway engineers have been instructed to do as little whistling as possible while running in this city.

Refuses to File Report.

Austin, Aug. 13.—The Providence Life Insurance company refuses to file a report. It will contest the new insurance law.

Cardinal Dies.

Bologna, Aug. 13.—Cardinal Dominico Svampa, archbishop of Bologna, is dead. He was born in 1851, and was created a cardinal in 1894.

AGGRESSIVE T. W. C. CAMPAIGN.

Prospects are Favorable for the Opening of the Third Year.—Dr. Butler Aiding in the Field Work.

With brighter prospects than ever before for the opening of the third year of the Texas Woman's College, the authorities of the school are making an aggressive campaign with the purpose of filling the school to overflowing, and gratifying results at home and elsewhere are being met with. Dr. Charlton, the president, has been doing excellent field work, since his arrival here, in various parts of the state; Dr. Geo. B. Butler will take up active field work in the county for the next thirty days and others will also aid in the movement.

A. M. E. DISTRICT CONFERENCE.

The Bryan and Huntsville districts of the African Methodist Episcopal church will hold a joint conference here, opening at the A. M. E. church this morning at 9:00 o'clock. Presiding Elders A. Gordon of Huntsville and A. B. Pipkin of Bryan will preside. Bishop Tyree of Nashville, Tenn., will arrive today and preach tonight. The conference will continue over Sunday, and has considerable business on hand.

A concert was given last night at the West Side Park by the concert troupe of the Wesley Chapel A. M. E. church of Houston.

McDONALD-DYESS.

Mr. R. M. McDonald of Waco and Miss Irene Dyess of Harvey were quietly married Sunday afternoon by Rev. W. T. Wood at the home of the minister at Harvey. They came at once to Bryan and left for Waco Sunday night. The groom is a worthy and industrious young man who formerly resided in the Macy community, and the bride a daughter of Mr. and Mrs. A. W. Dyess. She was reared in Brazos county, and is a popular and most highly esteemed young lady. The Eagle unites with other friends in extending congratulations.

CHANGE IN TELEPHONE MANAGERS.

W. F. Hooper, who has for two years been local manager for the Southwestern Telephone Co. in this city, has received notification of a promotion to Sherman. He will be checked out on August 15th at which time Mr. Wright of Lampasas will take charge.

Mr. Hooper, within two years, has done much toward the upbuilding of the service here, such as the installation of the present flashlight system and the extension of the local wires to farms near the city.—Marlin Democrat.

CITY COUNCIL MEETING.

The city council held a special meeting yesterday morning at 9:00 o'clock and approved the bonds of the First and City National banks as city depositories. The bonds are for \$30,000 each.

The matter of painting the stairway, gallery and other outside woodwork of the city hall was referred to the street committee with power to act.

The council adjourned without transacting further business.

CALVERT VS. BRYAN TODAY.

The Calvert base ball team will be here this afternoon and will play Bryan three games—Wednesday, Thursday and Friday. Game called at 5 p. m. These games will decide the championship of Central Texas. Don't miss them.

Call at our store, please, for a free sample of Dr. Shoop's "Health Coffee." If real coffee disturbs your Stomach, your Heart, or Kidneys, then try this Clever Coffee imitation. While Dr. Shoop has very closely matched Old Java and Mocha Coffee in flavor and taste, yet he has not even a single grain of real Coffee in it. Dr. Shoop's Health Coffee Imitation is made from pure toasted grains or cereals, with Malt, Nuts, etc. You will surely like Health Coffee. Sold by J. M. Lawrence & Co. 11

John Wannamaker and Marshall Field, the world famous retail dry goods men, sell only the Home Journal patterns. Our new stock for September has arrived. Price 5, 10 and 15c. Wilson & Derden. 213

Notify me regarding your insurance needs. No better inducements can be offered by any agency in Texas than I am able to give you. If your property is not fully covered why run the risk of loss. See me or call me up by phone today. J. B. Hines 139 tf

Guy Bittle has returned from a visit to Jewett, Leon county, and reports Prof. Minter and family getting along nicely and well pleased at their new home. Mr. Bittle says Prof. Minter has a fine farm well improved and stocked and a splendid orchard. He has good wells of freestone water, plenty of timber and there are strong indications of surface lignite. Mr. Bittle also has valuable land holdings in that section.

STATE FAIR RACES.
Promise to Be Greatest In the South's History.
 Dallas, Aug. 13.—Racing at the Texas State fair this year—Oct. 19 to Nov. 3—will be continuous during the three week days of the carnival from 1:30 o'clock to 6 p. m., with from five to seven running races each day. Most of the harness races being heat races, and considering three heats to the race, there will be as many performances in harness horses as in runners. Stakes and purses aggregating \$50,000, assure the greatest race meet ever held in the south.

Last year there was a total of seventy-five running races. This year the number promises to be close to 100. There will be six stake races of \$1,000 each, and sixty-five races—purses not less than \$300 each. Offerings in the harness department eclipse all former years, and include six stake races of \$1,200 each, ten purse races, eight of which will be for \$900, and two for \$600. There will also be ten dash races at \$300 each.

The racing programme opens with Derby day, featured by the great Oriental hotel cup stake running race for a purse of \$1,000, and the Oriental hotel donation of \$250 in silver plate. This will be the first two and a quarter mile race held in America since 1900, and is considered by all of the greatest importance, as only a thoroughbred of pure blood can stand the strain of speed and endurance. In the harness stakes, entries for which have just closed, there are 212 entries, an average of thirty-six to the race. There are at this early date over three hundred and fifty horses in training for the meet, and it is believed that by October the number will exceed one thousand.

Joseph A. Murphy, who is at present in Buffalo, N. Y., writes that prominent American and Canadian turfmen have announced their intention to attend the fall meet. The running and trotting tracks are being thoroughly sand-dredged and worked, and are so thoroughly drained that racing is assured rain or shine. Eight new barns have been added in preparation for the large number of horses now en route to Dallas.

AS TO FORFEITURES.
Land Commissioner Terrell Is to Give Due Notice.
 Austin, Aug. 13.—Within the next few days the land department of the state treasury will furnish Land Commissioner Terrell with a list of land forfeitures, that is of persons who have failed to pay the interest due for the purchase of school lands, which interest was due in November last. The list will be rather large, and after it is received the land commissioner, through courtesy, will likely notify the delinquents and give them another chance to settle with the state, and those who fail to avail themselves of this chance will forfeit the land which they have bought and probably paid the interest on for several years and of course they will also lose the amount paid on the principal. This land will then be again placed on the market by the land commissioner.

'TIS RIGHT TO CARE FOR THE LIVING BUT WE SHOULD NOT FORGET THE DEAD.

To mark their resting place is the last tribute of respect we can show them. Let Hilger figure with you. He has the BEST materials, and guarantees first-class work.

ENGINEER KILLED.
Fireman Fatally Injured When Fast Train Was Ditched.
 Springfield, Mo., Aug. 13.—Passenger train No. 108, the fast Memphis-Kansas City train on the St. Louis and San Francisco railroad, was wrecked near Mountain Grove, Mo., seventy miles from here, resulting in the death of Engineer James McKenna of this city and fatal injuries to Fireman James Overland of this city.

The train was running at a high rate of speed, when it is supposed that a defective rail ditched the engine. The mail car was also derailed. None of the passengers were killed, but all were badly shaken up.

FLEES FROM FATHER.
 Granddaughter of Stonewall Jackson Marries Her Sweetheart.

Charlotte, N. C. Aug. 13.—After a flight of over 350 miles, with her angry father in pursuit, Miss Julia Jackson Christian, the beautiful daughter of the late General Stonewall Jackson, arrived at Salisbury and was married to her sweetheart, E. Randolph Preston, a lawyer of Charlotte. W. E. Christian, the bride's father, arrived a few minutes after the words had been pronounced which changed his daughter's name from Christian to Preston.

The bride, who had been residing at Charlotte with her grandmother, Mrs. Stonewall Jackson, had been on a visit to Atlanta where numerous social courtesies, the senate was adjourned in the young lady's honor.

Her father received a telegram from her at Atlanta stating she had taken a train for Charlotte. Suspecting his daughter's intentions, Mr. Christian caught the second section of the New York and New Orleans limited, the first section, with Miss Christian on board, having pulled out thirty minutes before. Miss Julia had laid her plans well. She wired her sweetheart here to meet her at the station. The young man telegraphed a college chum at Salisbury to have a preacher and license at the depot when the train arrived there. Then he boarded the train with Miss Christian and when the couple arrived at Salisbury they found the preacher on hand. The ceremony was performed immediately.

MUSKOGEE A MARVEL.
 Indian Territory City is Growing at a Rapid Rate.

Muskogee, Aug. 13.—The city of Muskogee, which this year will entertain the Transmississippi Commercial congress, is one of the marvels of the western country for its rapid growth. It is the gateway of the great southwest, and its rate of increase, month by month, is without precedent. Eight years ago as the place where was transacted all the business of the government with the civilized tribes, the city had 1,500 population. It has now over 30,000. In 1910 it will have at least 50,000. The city is expanding along broad lines. Streets are paved and elegantly lighted. Rapid transit and all the other advantages of a modern city are to be had. As the head of navigation on the Arkansas river Muskogee is destined in the near future, to become one of the great cities of the southwest country. Conspicuous among the many business structures that are going up on every hand is the handsome stone and brick convention hall, which is being erected for the sessions of the commercial congress. The hall has a seating capacity of 6,000.

Head Crushed, Leg Mangled.
 Fort Worth, Aug. 13.—Ernest Wentworth, a car inspector for the Fort Worth and Denver railroad, was killed by cars in the local yards. His head was badly crushed and left leg mashed to a pulp.

Trinity Water For Locomotives.
 Fort Worth, Aug. 13.—Rock Island railway will lay a pipe line to Trinity river and supply its locomotives with water. It is claimed that Trinity water has a bad effect on engine boilers.

Titus County Farmer Suicides.
 Cookeville, Tex., Aug. 13.—Rans Smith, a leading farmer, ended his earthly career seven miles north by shooting himself in the head.

SUCCUMBS TO HEAT.
 L. P. Martin Found In a Dying Condition on Dallas Street.

Dallas, Aug. 13.—L. P. Martin, aged thirty-nine years, died at his home, 116 Parker street, evidently from the effects of heat. The deceased was a native of Indiana, and has resided in Dallas two and one-half years. He was a carpenter, and the funeral was held under the auspices of the Carpenters' union.

Martin was found lying upon the sidewalk near his home. It is thought that he had started out and was overcome with the heat.

LEG CUT OFF.
 Arthur Madares Loses a Limb by Falling Under Train.

Waco, Aug. 13.—Arthur Madares, a negro, while attempting to board a moving freight train on the Katy south of the city missed his hold, fell under the train and his right leg was cut off. He was taken to the Providence sanitarium, which is the headquarters of the Katy hospital service in Texas.

WACO AGITATED.
 Intense Feeling Relative to New Location of Katy Shops.

Waco, Aug. 13.—There is intense feeling here over the chances of the Katy taking its division headquarters to some other point than Waco. While the word "boycott" is not used openly, it is believed this will, in effect, result if the shops are moved from Hillsboro and not brought here.

GIRL'S HEAD BURNED OFF.
 Legs of Boy Were Also Done Same Way by Flames.

Cheyenne, Okla., Aug. 13.—Just over the line in Texas the residence of J. W. Edwards was destroyed by fire. While it was being consumed two little children were burned to death. A three-year-old child, escaped by crawling from the room. It is supposed the little ones were starting a fire with kerosene. The girl's head was burned off and both legs of the boy done likewise.

BREWSTER'S HARD LUCK.
 Denton County Man Robbed and Leaves Some Wearing Apparel.

Dallas, Aug. 13.—Without hat, coat or shoes Bronson Brewster of Denton county reported to the police that while asleep he had been robbed of \$100, and on making inquiry as to the disappearance of his cash was made to depart so hurriedly that the articles of wearing apparel referred to had to be left behind.

NEW CUSTOMS TARIFF.
 It Has Been Adopted by the Government of Brazil.

Rio de Janeiro, Aug. 13.—The new customs tariff has been adopted by the chamber. Maximum and minimum tariffs have been adopted and the government is authorized to reduce or even abolish duties on articles of construction if necessary. The value of the milliers for customs payments is set at 15 pence.

Mrs. Buckner Better.
 Palacios, Tex., Aug. 13.—Mrs. R. C. Buckner, wife of Rev. R. C. Buckner, founder of the orphan asylum of that name near Dallas, who fell to the floor of her cottage last Friday and was seriously ill, is much better, and her ultimate recovery is soon looked for.

To Beautify Cemetery.
 Dallas, Aug. 13.—Lot owners in Greenwood cemetery will expend \$3,000 in improving that place of sepulture. An ornamental fence will be put around it, driveways constructed and walks macadamized. No more lots can be purchased.

S. H. FRANKLIN

THERE is no fairer country or more delightful climate on earth than that of Colorado during the heated term.

HUNDREDS of places of interest to the sight-seer engage his attention and interest him, while at the same time he is fanned by cooling breezes, rich in life-giving ozone, fresh from the realms of perpetual snow.

The entire State is a mass of picturesque scenery, affording an endless delight to those who are interested in the sublime vagaries of Nature, for in Colorado Nature seems to have exhausted herself in the production of the sublime and beautiful.

The lofty peaks of the famed Rockies, forming the "Continental Divide," tower skyward and stretch away, snow-capped, in the wondrous vista.

ON every side there is something to interest and inspire the beholder; the richest gold-producing mines on earth are there, and a visit to them will never be forgotten.

In addition to such renowned resorts as Colorado Springs, Boulder, Glenwood Springs, Denver, etc., Colorado has innumerable other points of equal interest and attraction, each affording distinctive features of its own, and each, alone, being worth far more than the cost of transportation to the state to see.

Visit Colorado now, "the land of gold," "the land of health" and the land of glorious scenery.

Hotels are legion, and the vacationist can always find accommodation at a price to suit his pocket book.

The principal points of interest are quickly and conveniently reached via "The Denver Road," the great thoroughfare to "Cool Colorado."

WRITE A. A. GLISSON, GENERAL PASSENGER AGT. FORT WORTH, TEXAS. FOR FULL INFORMATION.
